Reunion lends Central life

AT THE the 76th annual reunion of the church at the foot of the hills in Central Mine in Keweenaw County, the Rev. William J. Rosemergy of Central United Methodist Church in Flint spoke about love, sharing and sacrifice to near capacity audiences at two services Sunday morning. The voices of the 20-member reunion choir, representing members of various churches of the Copper Country, could be heard throughout the old Central mining site. The poor rock pile, foreground, and remaining residential area are remnants of a once bustling mining community.
